

COURSE SPECIFICATION 6TH SEMESTER

Course Name : English 7
Code : KL 167
Credit : (2-0)

Course Description:

Agricultural English is a course to prepare students to be able to understand and use English by the context of agriculture in a career. The study materials in this course are focused on three main materials i.e., scientific articles, abstracts and presentations of research results in English. At the end of the lesson, students are expected to be able to understand and practice how to compile an abstract and scientific article and make presentations in English according to their scientific context.
